

# INDUSTRIAL REPORTS<sup>sm</sup>

## PROJECT ALERT

### Beverage Warehouse

#### Project Phase:

Planning      Design      Construction

#### Budget Estimate:

**\$6 Million Estimated Cost**

**Research Date:** August 9, 2017

Project ID: IN170518

Project Type: Distribution Facility

**Indiana**

#### Business Opportunities:

Design Services, Electrical Equipment, Material Handling/Storage Equipment, Building Construction, Civil/Structural Construction, Mechanical Construction, Electrical Construction, Equipment Installation, Pumps, Piping & Valves

**Industrial Reports has a report on this planned project.**

**To become one of our clients and obtain this report and others, including a description of the project scope, exact location, name of the owner, and contact information,**

**email us at:**

**[sales@industrialreports.com](mailto:sales@industrialreports.com)**

**or call:**

**800 235-2330, option 2 for client services.**

**You can request a quote online at: <http://www.industrialreports.com/orderform.htm>**

**We can customize daily project report delivery to your specification by state, project type, project phase, budget estimate, business opportunities, and key word search.**

### Ore Processing Facility & Mine

#### Project Phase:

Planning      Design      Construction

#### Budget Estimate:

**\$300 Million Estimated Cost**

**Research Date:** August 10, 2017

Project ID: AZ170505

Project Type: Process Facility

Arizona

#### Business Opportunities:

Engineer-Procure-Construct, Design Services, Construction Management, Process Equipment, Electrical Equipment, Instrumentation & Control Equipment, Material Handling/Storage Equipment, Tanks/Vessels, Air Emissions Control Equipment, Civil/Structural Construction, Mechanical Construction, Electrical Construction, Equipment Installation, Pumps, Piping & Valves

**Industrial Reports has a report on this planned project.**

**You can request a quote online at: <http://www.industrialreports.com/orderform.htm>**

**We can customize daily project report delivery to your specification by state, project type, project phase, budget estimate, business opportunities, and key word search.**

### Combined-Cycle Power Plant

#### Project Phase:

Planning      Design      Construction

#### Budget Estimate:

**\$937 Million Estimated Cost**

**Research Date:** August 14, 2017

Project ID: TX170806

Project Type: Energy Facility

Texas

#### Business Opportunities:

Engineer-Procure-Construct, Design Services, Process Equipment, Electrical Equipment, Instrumentation & Control Equipment, Tanks/Vessels, Air Emissions Control Equipment, Civil/Structural Construction, Mechanical Construction, Electrical Construction, Equipment Installation, Pumps, Piping & Valves
